Notes:

- a) Projects must have a clear benefit to the people of Kenilworth and the immediate area;
- b) Projects must have a visible outcome so that both the beneficiary and Lions Club can make the local Community aware of the results of the initiative through the local press;
- c) Strong preference will be given to funding specific items or “one off” costs rather than to cover organisational running costs;
- d) The Club may exceptionally provide 100% project funding but will normally expect the applicant to have raised an element of “matched funding” from elsewhere;
- e) If the applicant has not raised sufficient money to allow the project to commence the Club may issue a certificate in the form of a “pledge” committing the Club to making the agreed payment once the applicant has raised the remainder of the funds. Such a pledge will normally only be valid for twelve months;
- f) Funding will not be provided to support any national charity activities unless there is a direct, immediate and obvious benefit to the people of Kenilworth;
- g) Funding will not be provided to individuals who are themselves raising funds to make as a personal donation to any local or national charity;
- h) Applicants may be asked to discuss their proposal with a member(s) of the Club’s Community Services Committee if further clarification is needed;
- i) On completion of the project applicants may be asked to present their project to a meeting of the Club
- j) Applicants can expect to hear the outcome of their project application by the end April 2019.
